

IT SYSTEM ENGINEER - SECURITY 80-100% (F/M/X)

Did you know that our IT department has over 350 employees, making it as large as a medium-sized company? Hence its motto: "Run IT like a business."

YOU WILL

- ... Be responsible for continuously developing, implementing and analysing different security solutions in the Microsoft environment
- ... Manage centralised services such as Active Directory and Azure Active Directory and work with application experts to integrate systems
- ... Operate our Public Key Infrastructure and support Certificate Management
- ... Bring your knowledge and experience into different security projects

WE

- ... Value your experience of Windows client, server operating systems and patch management
- ... Count on your troubleshooting skills when it comes to Windows operating systems
- ... Would be delighted if you have already gained experience in the field of security
- ... Take care of and support our global subsidiaries from our Head Office in Vorarlberg, Austria so you will need a good command of English

Julius Blum GmbH

Nina Rauter
