

OPERATIONAL EXCELLENCE: PROCESS DESIGNER FOR NON-CONFORMITY MANAGEMENT (M/W/D)

We are an Austrian family-owned company and one of the world's leading manufacturers of furniture fittings. Nearly 7,000 people work for us in Vorarlberg and more than 9,000 worldwide. We deliver our products in over 120 markets. Did you know that we have an Operational Excellence Team, that supports the global production network by implementing standards, adapting processes, and continuously improving business operations?

YOU

- ... design and optimize processes for non-conformity management in production
- ... analyze existing processes, identify weaknesses, and develop improvement measures
- ... define standards, documentation, and tools for the efficient processing of deviations
- ... work closely with production, quality management, and supply chain management to establish sustainable solutions
- ... drive forward the digitalization of processes: we rely in particular on SAP as our central system

WE

- ... expect experience in process design and management, ideally in a production or quality environment
- ... value analytical skills, a systematic approach, and a high level of quality awareness
- ... require strong communication and moderation skills, in for collaboration with various stakeholders. Verbal and written proficiency in Englisch and German
- ... welcome a pragmatic, solution-oriented personality with an eye for continuous improvement
