

## IT-INHOUSE CONSULTANT SUPPLY-CHAIN-MANAGEMENT / PRODUCTION PLANNING (F/M/X)

Blum manufactures flap, hinge, pull-out and pocket systems for furniture that are delivered to over 120 markets. Did you know that around 350 IT specialists take care of our modern IT environment? Our IT-Inhouse Consultants support our headquarters in Vorarlberg and our 32 subsidiaries with IT expertise.

### YOU

- ... work on interdisciplinary topics in the IT field related to production planning for our products in our global production facilities
- ... determine processes and applications in production planning over the next few years, supporting the transition from SAP R/3 to S/4HANA
- ... collaborate closely with our internal experts and external partner firms from idea generation and analysis to implementation and go-live
- ... primary focus is on SAP PP and related non-SAP systems
- ... thrive on independent work, enjoy variety, and contribute to the implementation of solutions alongside your colleagues

### WE

- ... are looking for a team member who is proactive and motivated to take action. You should have knowledge and several years of experience in the SAP PP environment (SAP S/4 experience is advantageous)
- ... value a solid education; you should have relevant qualifications (e.g., business informatics)
- ... expect because of our global operations convincing communication skills in both German and English
- ... rely on you - you with your proficiency as IT-Inhouse Consultant will work alongside colleagues in the development teams and user support to implement solutions and ensure safe and efficient operations
- ... offer a role that involves significant communication and networking - bringing the right people together, moderating diverse interests, presenting your own ideas, developing solutions, discussing, evaluating and preparing decisions
