

MACHINE MECHANIC IN THE FIELD OF SUPPLYING TECHNOLOGY (F/M/X)

Blum is a family-owned company with 6 production facilities in Vorarlberg. Did you know that we produce millions of hinge, pull-out, flap, and pocket systems for furniture every week for distribution all over the world? Here in Vorarlberg, we have people from more than 60 different nations working in production with highly automated high-tech equipment.

YOU

- ... as a machine mechanic/supply technician, are responsible for the ongoing maintenance and technical process support (focus on feeding technology)
- ... take care of preventive maintenance, servicing, and process supervision in the area of feeding technology in a 2-shift operation
- ... are in charge of the operation and process reliability of our assembly systems
- ... manage projects such as new installations, modifications, and trial runs

WE

- ... value good education – you have completed an apprenticeship as a machine mechanic, plant technician, automotive mechanic, or in a related profession
- ... work with pneumatics, hydraulics, and mechanics – ideally, you bring expertise in these areas
- ... are looking for a team member who enjoys working in a team and is open to others
- ... promote personal responsibility, so you should work in a structured and independent manner
