

IT-INHOUSE CONSULTANT SUPPLY CHAIN MANAGEMENT (F/M/X)

Blum manufactures flap, hinge, pull-out and pocket systems for furniture that are delivered to over 120 markets. Did you know that around 350 IT specialists take care of our modern IT environment? Our IT-Inhouse Consultants support our headquarters in Vorarlberg and our 32 subsidiaries with IT expertise.

YOU

- ... support a team of in-house consultants in designing processes related to material and relocation planning as well as inventory management.
- ... primarily work with SAP MM/PP and the associated systems (including SAP APO and non-SAP systems), with a focus on the upcoming GoLive in S4/HANA.
- ... collaborate closely with our business units and external partner firms from the idea stage through analysis and development until the Go-Live.
- ... provide support to our users, assisting them with IT-related questions and issues in their day-to-day work, and you optimize specialized applications together with your team.
- ... continue to develop both technically and professionally, becoming an IT expert in a specific process or application.

WE

- ... are looking for a team member who is proactive and motivated to take action. You should have knowledge and experience in SAP MM/PP (SAP APO, SAP S/4, and IBP are advantageous)
- ... value a solid education. You should have at least 1-2 years of professional experience or relevant training (e.g., business informatics)
- ... are operating worldwide, so strong communication skills in both German and English are essential
- ... seek an engaged team member who contributes to a pleasant working atmosphere and inspires us through a structured, constructive and team-oriented approach
