

## IT SPECIALIST FOR ACCESS CONTROL SYSTEMS (F/M/X)

The family-owned company Blum manufactures flap, hinge, pull-out, and pocket systems that are installed in furniture all over the world. Did you know that around 350 computer scientists take care of our modern IT environment? Our IT specialists support our headquarters in Vorarlberg and our 32 subsidiaries in their processes and IT applications.

### YOU

- ... are the first point of contact for IT-related issues concerning our access control system
- ... coordinate and communicate IT adjustments and updates related to this system
- ... are in close exchange with internal departments and external partners
- ... ideally bring experience in project management

### WE

- ... focus on scalable and future-proof solutions in connection with our access control system
- ... offer you a role that largely involves communication and networking - bringing the right people together, moderating different interests, presenting your own ideas, developing solutions, discussing, evaluating, and preparing decisions, that's your strength
- ... value independent work and a good relationship with internal and external partners in an international multicultural environment
- ... find it easy to communicate in both German and English

### Julius Blum GmbH

Dietmar Gmeiner

Phone +43 5578 705-2064

Legally mandatory notice: The actual salary is above the metal industry collective agreement (Metaller-KV) and is based on professional qualifications and experience as well as the Vorarlberg labor market.
